

**Online Registration  
for 2019 Summer Sessions**  
with **CampDoc**

## **Our Summer Session registration is now LIVE!**

All registration will be done online. Each family unit will sign up with a login & password. Next is the profile page with family information & Emergency Contacts, Then to camp sessions. CampDocs is designed to be used best by someone using a smart phone or tablet to enter your family's information, easy upload of insurance cards and other forms (simply take a photo of the card or form and place it in the form).

## **Why?**

- To make sure the information given by the parent/guardian reduces the potential for human error in the transposition of paper forms and written medical instruction.
- Insurance card uploading is a snap. Simply take a picture of your insurance card and upload it when prompted.
- With electronic signatures we will reduce the problem of parental signatures missing on hand-written forms.

### **Parent communication**

- Confirmation emails
- Camp Gram – Send a note to your camper via the app to be distributed by the camp staff.
- Severe weather alerts and our emergency plan & action via text messages.

Once the payment page has been completed you are ready for the health profile...
